New Boston Welcomes New Postmaster

BY MARGARET E. O'KELLEY

Although she has been serving as the Officer-in-Charge of the New Boston Post Office during the past several months, Pamela Collins was not officially named Postmaster until July 24, 2003. The Installation Ceremony was held in the New Boston Post Office with several U.S. Postal Officials, local dignitaries, members of her family, and friends in attendance.

The opening remarks were made by Roxanne Wensky, Marketing Manager Detroit District. The National Anthem was sung by Anne Moreland, Financial Systems Coordinator Detroit District. The Invocation was delivered by Father Alexander Wytral, St. Stephens Catholic Church, New Boston. The Oath of Office

was administered by John H. Talick Lead Executive, District Manager, Detroit District.

While delivering his remarks, John Talick told of how the most exciting dedication he had ever attended was at New Boston. Several years

Pamela Collins (left), the new Postmaster and Bill Reeder (right), retiring Postmaster,

ago when the new post office was dedicated both Congressman Ford and the Postmaster General were in attendance. Just as the ceremony was about to begin, a new Lincoln belonging to Township Trustee Nora Adkins developed an electrical short and began to blaze. The school bus parked next to the car almost caught fire and had to be moved to safety. The firemen began arriving in a rapid manner and one of them almost hit a group of children that were there to perform at the ceremony. Talick said nothing could ever top that experience.

Biographical Information: Pam began her postal career in 1989 as a City Letter Carrier at the Wyandotte Post Office. Throughout her postal career Pam has served in a number of supervisory and management positions. These positions

John Talick, Lead Executive, District Manager, Detroit District, administered the Office to Pamela Collins as her husband Charlie (left, holding Bible) looked on.

include Supervisor Customer Service at the Grand Shelby Station, Supervisor of Finance at the George W. Young Facility and most recently, Manager, Consumer Affairs and Claims. She has been

married for 31 years to her loving husband Charlie. Together they have three beautiful daughters and one handsome grandson.

To finalize the event, a delicious buffet was served.

Second Part of Discussion Centered Around Refund of \$190

Pond Construction Issue Debate - Continued

BY MARGARET E. O'KELLEY

In our last issue we reported on the debate that centered on the construction of a pond that was constructed in a R-1 piece of property but was used for agricultural purposes. You will recall we described it as a debate between the New Urbanites that are on the Board and those who wish to retain a flavor of rural character.

In our last issue we reported the vote to begin the process for amending our ordinance dealing with the subject was approved by a split 4-3 vote.

Supervisor Mitchell, Trustees Adkins, Krause and O'Kelley voted for the motion and Clerk Bowers, Treasurer Skrzycki and Trustee Carey voted against the motion.

In the second phase of discussion that centered on a refund of \$190, the issue got even more detailed and ranged a considerable distance from the actual issue. Several Board members took the opportunity to express their thoughts on fiscal management. Supervisor Mitchell and Trustee O'Kelley seemed to try to get some Board members to stay on the issue but only met with partial success.

O'Kelley, as a second motion, said the Board should reimburse \$300 to any property owner that constructed a pond in the R-1 zoning but used the land primarily for agricultural purposes. The Supervisor supported this.

Clerk Bowers asked why \$300 was the figure when it was previously established the excess figure was \$190? In our previous issue we noted the Director of Plan-

ning and Zoning had said this figure was the amount he determined was over and above the cost to the Township in actual fees. She said she felt anything more would be a loss to the Township.

O'Kelley responded the Township would not lose money. He said he felt the fees were high. He also said the land use was agricultural and if the land had remained zoned agricultural the landowner would have not have been charged a fee.

The clerk responded and said the landowner could have asked for a rezone of his property. To this, the Supervisor said the fee to do so was \$1500 and seemed to suggest that was an unnecessary step considering the land use had always been agricultural.

Trustee Carey said the \$300 wasn't fair when the actual excess was \$190. Again, the Supervisor asked if she agreed our fees were high in light of the fees charged by Van Buren and Sumpter. She responded she didn't know why their fees were lower but

if you refunded for one you would need to refund for all. She said she thought the issue was political.

To this O'Kelley responded it was not political but an issue of fairness. He said the Supervisor and Mrs. Schoedel stated it quite well when they said they used their land as agricultural; and had the rezoning not taken place they would not have been charged the fee in the first place.

Trustee Adkins advised the Board that the Township made money off the agricultural growers because of their high water use and the charges were passed on to water users. The Supervisor confirmed the water department makes money, which is used to run the department. Adkins said she could support the refund of \$190.

It was at this point that O'Kelley and Mitchell agreed to amend their motion to reduce the refund to \$190.

Treasurer Skrzycki spoke at length in opposition to the motion. He said, "You are creating a mess." He saw the fees charged by the township

as the cost of doing business. He saw no problem with the high-end users paying more than the low-end users. He went on about the flat rate that is charged for all water and once again brought up the elimination of the flat fees that was approved by the Board back in 2001.

He said use less-pay less, use more-pay more. He continued by bringing up wages paid by the Township to their employees. He said the cost of business does not go down-it goes up. He suggested the businesses that use a lot of water should either absorb the costs or raise their prices.

At the end of the treasurer's comments, it appeared the supervisor seemed to be having some difficulty understanding where the treasurer's comments were going or how it applied to the issue. In response, he simply repeated the purpose of the motion, which was \$190 and applied to only one property owner.

The vote was 4-3 to approve; with the clerk, the treasurer and Trustee Carey voting in opposition.

Wall of Fame Inductions - Part VI

Huron High Alumni Gary Shrader

Each year the Huron School District inducts former students to the Wall of Fame. The recipients are announced at annual Awards Night and a plaque is placed on a wall in the high school. This year the following alumni were chosen. They are Amy Gajda, Julie Hinds, Judith Kermans, Steve Massengill, Vernon Moore and Gary Shrader.

Each week, as a service to the community, we will present a biography of a recipient. We will continue to do this until all have been honored. This week we present Gary Shrader.

Gary Shrader began his career at Huron High School weighing less than 100 pounds. He was told that he was too small to play football. Four years and three varsity letter later, he finished high school proving that he could accomplish whatever he set his mind to. Gary graduated in 1970 with his can do attitude and set out to attend college.

In high school Gary's involvement ranged from football and baseball, to ski club.

He also served as a member of the chess club, varsity club, and library club. His activity in student council began during his freshmen year as a representative and climaxed his senior year when he was elected vice-president of his class. He was selected by the American Legion Post to attend Boys State at Michigan State University. These experiences proved invaluable as they prepared him for his leadership roles later in life.

Gary graduated from Eastern Michigan University with a degree in business with a major in Finance and minor in Accounting. Twenty years later after earning his bachelor's degree, he completed his Master of Finance Degree in the spring of 1999. The few computer and programming courses he took while at EMU blossomed into a passion and love that is still with him. His career path took a turn and centered on his newly acquired skill.

Mr. Shrader's career path has been one full of great opportunities made possible

Gary Shrader (center) pictured here with his family.

through hard work and great skill. Currently, his role for Guardian Industries is to work exclusively with the Palace and the Detroit Pistons. This relationship began in 1988 when he was promoted to the Financial Systems Manager to coincide with the opening of the Palace. He is responsible for selecting and maintaining any business related system. While working at the Palace and with the Pistons, he had

been selected as Accounting Employee of the Year on two occasions in 1994 and 2002.

Gary Shrader has used his position with the Pistons to aid and sponsor countless civic and charitable organizations and make donations for auctions or raffles. When he is not on call with the Pistons, the Palace or Guardian Industries, he has demonstrated his devotion to his family and serving others.

He began earnestly coaching soccer for his three children when they were very young. Over time, it became a calling for him. He began coaching basketball, softball and even a floor hockey team. All total, Coach Shrader has coached over 50 teams involving over 600 children.

This Deacon and Sunday School teacher resides in Oakland County with his wife and three children.

Tips from Tina

INSECTS REPELLENT = When using insect sprays, especially those containing DEET, try spraying clothes instead of skin - it's much safer especially for children.

VINEGAR AS REPELLANT = Apply it to the skin with a cotton ball, applying liberally. Bugs hate the way you taste and the smell of the vinegar disappears once it dries. Great for kids.

APHIDS = Mix nonfat dry milk with water according to the directions on the box, then put in a spray bottle and apply it to the leaves of your plant. As the milk dries, the aphids get stuck in the milky residue and die. Rinse plant from time to time with the hose. This does not harm the plant.

APHIDS AND SPIDERS = Wash off the plant with a mild solution of dish washing liquid and water. Try a ratio of 1/2 teaspoon liquid to 1 quart of water. Flush leaves, including undersides, the solution. Do not rinse off.

APHIDS ON ROSES = Use 1 1/2 teaspoon of baking soda per pint of water and apply every seven days. This method is user, earthier and child-friendly.

Your Cosmic Look For The Week Of August 7th - August 14th

For entertainment only!

Leo July 24 - Aug 23

Truth leaves you at fork in road with no way to turn. Keep pieces to puzzle in pocket for use in new picture. Lasting memories are not always happy but can't be useful in story telling. 0002

Virgo Aug 24 - Sept 23

Car remains missing in driveway. Ask self if one you loved cares? Too much snow job only leaves you with a bloody nose. Look deep in heart and find room for one who needs you. 2333

Libra Sept 24 - Oct 23

Last week will be forgotten in due time. Be cautious of the week ahead. Parents seem to change directions on you or is father too stubborn to ask? Leaking faucet worse than mouth. 7772

Scorpio Oct 24 - Nov 22

Angry words remain in mind. Your first truth to be truth and confront one who tends to lie. Prepare for last weekend of summer fun by buying pencils and notebooks. No party yet. 2278

Sagittarius Nov 23 - Dec 21

Lost again and not to be found. Should have hid it better from yourself. Find time to have heart checked. Then confess undying love. Children whine and so do you. 2111

Capricorn Dec 22 - Jan 20

Baby face? Baby toes? Baby anything? Keep begging, maybe she will give in. The up machines and spouse but be more careful than last time. Look forward to Fall, it's coming. 3398

Aquarius Jan 21 - Feb 19

Bored with same old path of life? Wrong turn may not be as pleasant. Foreign objects find way into your food. Don't ask, it has happened long ago, too. Be patient with male. 3221

Pisces Feb 20 - Mar 20

Children don't know when to stop the demanding ways. Don't lose your cool over unseen truths. Keep spouse calm with special needs. Don't lie to one you love but don't hurt feelings? 9090

Aries Mar 21 - April 20

Counting on fingers will not help with retirement. Hear of more layoffs on the horizon but count your lucky stars. Take children to lake but watch all for immediate dangers. 2776

Taurus April 21 - May 21

Health issues bring happy news. Smile with prospects of new beginning. Time to hold head high and smile at those who mean you harm. Red lights in our future not what you think. 2333

Horoscopes

William Grover

Gemini May 22 - June 21

Keep asking yourself who is at fault. Someone you know is planning special event just for you. Look to the sunshine before you find snow. Ask Leo if there is time for you. 6622

Cancer June 22 - July 23

Last in line again but Pisces will stand with you. Keep parents happy with smiles and not whining ways. Buy new clothes for yourself and forget the kids? Life not so easy this week. 4444

Yellow Fin Tuna with Roasted Peppers & Garlic Salsa

Nobody like heating up the house to cook a meal in the summertime. You can get a better meal outside on the grill than you think. This onth I will be cooking up the BEST of Al Fresco right on your grill.

(Serves 4)

4 Yellow Fin Tuna Steaks or Fillets

SALSA

1 1/2 - 2 cups Roasted Bell

Peppers - diced (assorted

colors are really fun)

5 cloves Roasted Garlic - mashed

1 tbs. Pinenuts - lightly toasted

and chopped

2 tbs. Balsamic Vinegar

1 tbs. dried Tarragon - crushed

1 tsp. Salt

1/8 tsp. Cayenne Pepper

Combine the salsa ingredients in a covered plastic container and chill while you grill the fish.

Heat the grill to medium heat. Spray or baste both sides of the fish with vegetable oil, season with salt and pepper. Grill for 8 - 10 min. per side for every 1 inch of thickness. Try not to overcook.

Serve topped with the salsa.
